Quick Bandit

PATENT PENDING

Tesla Front License Plate Mount

STEP 1

With the crossbar up (open), align & position the V-slot with the center vertical grill divider.

STEP 2

Press crossbar all the way down to secure mount in place. Important: Use included tool to tighten the locking screw on left side of mount. Please do not over-tighten the locking screw!

STEP 3

Secure license plate to the mount with included 4x 3/8" screws provided with a Phillips screwdriver.

In an ongoing effort to continuously improve, actual product may slightly vary from photos shown, thank you!

Tesla Front License Plate Mount

Limited Lifetime Warranty

In the event that Quick Bandit fails due to defects in workmanship or materials, we will replace or repair any components that fail in normal use at our sole discretion. Edge variants and anomalies from CNC machining / manufacturing process are not defects. This warranty does not cover damages resulting from friction and or brushed car washes, negligence, abuse, misuse, theft, war, fire, vandalism, or accidents occurring after installation. Warranty applies exclusively to original owner. To request for a warranty claim, email info@1975creations.com with the Order Number and description of claim. Upon approval, please securely pack product in original shipping box, and send, prepaid freight charges to 1975 Creations at PO Box 295835, Sacramento, CA 95829.
